GO, MAKE A DIFFERENCE

FUNDRAISING HIGHLIGHTS

In November, our annual fundraising event came with the new theme to make a difference in the lives of others today for their tomorrow. #goMAD22

Through walking, running and cycling, participant's can play a part in Making A Difference (M.A.D) in the lives of the disadvantaged in our society. With the huge support, this year, we were able to raise a total of \$115,000 collectively. The proceeds that was received would be used to fund the ongoing work to improve the lives of others that BCCS is a part thereof.

Coming in as our one of our sponsors for #gomad22 and donning on the gomad shirt. Sumitomo Electric organised a meaningful staff activity that helped to build bonds over a walk and to show their support for the event. With attempts to raise funds individually and collectively, we are thankful to everyone in Sumitomo Electric for showing their support to BCCS #gomad22.

TE CONNECTIVITY CSR

On 25 November, BCCS partnered with TE Connectivity with 19 TE representatives in organising a corporate social responsibility (CSR) event. Close to 90 beneficiaries were in attendance and learnt from the session the importance of planning, teamwork, communication, patience and mindfulness.

A zentangle* session was conducted by one of our volunteer with TE connectivity and the beneficiaries. Everyone certainly enjoyed themselves learning the use of art as a form of improving one's mental wellbeing.

* Zentangle is a method for drawing, which is a combination of art and meditation.
